Safeer Muhammad

Frontend React Developer

I'm a Software Engineer specializing in React.js development, with a passion for creating dynamic and responsive web applications. My expertise includes JavaScript, TypeScript, PHP, HTML, CSS, and frameworks like Tailwind CSS, Bootstrap and jQuery. Currently, I'm seeking opportunities for a full-time position or internship where I can apply my development skills, grow as a developer, and collaborate on innovative projects. Let's connect if you're looking for someone dedicated to delivering quality code and creative solutions!
