Safeer Muhammad

Software Engineer | Frontend Developer

I am a Software Engineer specializing in Frontend Development, passionate about crafting dynamic and responsive web applications. My expertise spans JavaScript, TypeScript, HTML, CSS, and modern frameworks and libraries such as Next, React, Tailwind CSS, Bootstrap, Ant Design, and Aceternity UI. With a keen eye for aesthetics, I also offer professional graphic design services, including Adobe Photoshop creations. If you're looking for a dedicated professional who delivers high-quality code and innovative solutions, let's connect!
